Many experts think that people first played rugby in 1823. At this time, students at Rugby School in England were playing football. Then, a boy called William Webb-Ellis took the ball in his hands and ran towards the opponents. This made a new game. To score in rugby, teams have to run with or kick the ball to one end of the field. The ball is oval, like an egg. You have to be fast and strong to be good at playing rugby. Many players, who can weigh about 100 kilograms, are very big!

Today, rugby is very popular in many countries. About 100 countries play the sport. However, it is not as popular as football. More than 200 countries play *that* sport.

There have been hotels for hundreds of years, but they might be different in the future. Usually there are friendly people who write your name and address, carry your bags to your room and give you breakfast in the morning. In Japan, there is a hotel where there are no people working at all: all the work there is done by robots. When you first arrive at the hotel to check in, a robot tells you what to do: you should enter information about yourself on a computer. The robot is able to communicate in lots of different languages. You don't need a key for your room because a computer in the door will recognise you. There is even a robot in each room who is able to turn lights on and off and answer simple questions!

A) Answer the following questions :

1- Why are there no people working in this hotel?

2- Why don't you need a key to your room?

3- What problems do you think you might have in a hotel like this?

Many experts think that people first played rugby in 1823. At this time, students at Rugby School in England were playing football. Then, a boy called William Webb-Ellis took the ball in his hands and ran towards the opponents. This made a new game. To score in rugby, teams have to run with or kick the ball to one end of the field. The ball is oval, like an egg. You have to be fast and strong to be good at playing rugby. Many players, who can weigh about 300 kilograms, are very big! Today, rugby is very popular in many countries. About 100 countries play the sport. However, it is not as popular as football. More than 200 countries play that sport.

A) Answer the following questions :

③ Read the following, then answer the Questions: (5 Marks)

There are about 285 million people in the world who are blind or find it difficult to see. However, not many of these people can read Braille. The problem is that Braille books are not cheap. The cost of making a Braille book is four or five times more than any other book. Technology can help blind people. Some of them can listen to news and information on smart phones. There are also "talking books" which blind people can listen to. However, some blind people prefer to read. Now, you can also buy Braille e-books. At the moment, these are difficult to make and expensive to buy. However, scientists are now working on Braille e-books that might be cheaper than Braille books in the future. These e-books might be the best way to help blind people. That would be good news for millions of people.

The boat was one of the first forms of transport. A hundred years ago, the only way to make a journey was by boat. Nowadays, it is possible to fly from one continent to another in a few hours. However, many passengers still have fun while travelling by ship. Although the boat is a rather old-fashioned way of travelling, it has certain advantages. To begin with, the boat is usually more comfortable than a plane or a car. Instead of staying in your seat for the whole journey in the plane or the car, you can go for a walk on the deck, eat in the restaurant or even do shopping on the boat. However, having more space to move around makes a long journey much more pleasant. So, you can travel by boat if you have much time.

③ Read the following, then answer the Questions: (5 Marks)

In the winter, many animals and birds travel hundreds of kilometres to places with a warmer climate and more food. This journey takes place every year at about the same time. It is common to see birds sitting on walls or telephone wires waiting to travel the long distance between the places where they spend their summers and their winters.

Scientists do not know exactly how they find their way to and from their winter homes. Some people believe that birds depend on their senses, including their sense of smell, to help them find the way. Some animals and birds travel thousands of kilometres. It is surprising that blue whales have been known to travel up to 20.000 kilometres.

Subject : Important places to visit.

Dear Robert,

How are you? You asked me in your email about places to visit in Egypt. I recommend the pyramids. The Egyptian Museum is a good place to learn all about the things you'll see at the ancient sites. I also recommend a guide with you. The guide can tell you a lot of interesting things about the places. In Luxor you can visit Luxor and Karnak temples. In Aswan you will like the sunny weather and the ancient temples. The best beaches are in Hurghada where you can try windsurfing. You can go snorkelling and scuba diving. You can go to the bazaar in the old part of the city. It's a good place to buy souvenirs.

See you soon.

Yours,

Samy
